360° PRE- PLACEMENT TRAINING

In an increasingly competitive job market, our degrees and your wider experience through pre- placement training can give you the edge to help you stand out. We encourage you to prepare for life after CU from day one; that's one of the reasons our students are highly sought after by employers. Department of Career Development (DCD) helps you develop the knowledge and skills needed to succeed, and grooming you outside studies to increase chances of securing multiple and dream placement offers.

DCD has close links with elite organizations and you will have unique benefit of interacting with VP, CEO's and HR Heads of leading organizations, thus giving you an edge during placements.

Keeping in mind the industry requirements DCD has designed a rigorous training program which offers the following benefits:

- ➔ Extensive pre-placement training programs from 1st semester onwards
- ➔ Advance training module designed to emphasis on technical, aptitude group dynamics, lateral thinking, social & personality skills
- ➔ A balanced combination of classroom training techniques, innovative and interactive learning methods along with periodic evaluation and feedback followed by strong reinforcements
- ➔ Special preparation batches for competitive exams such as GRE, GMAT and for civil and defense services
- ➔ International languages such as French & German as part of specific modules
- ➔ Comprehensive online study material including more than 6000 Practice questions and audio- visual aids.
- ➔ Personalized Assistance through Mentorship Programs and Need based doubt clearing sessions
- ➔ Company specific workshops, Summer/Winter Training Camps and Expert lecture by Industry Professionals such as Infosys, Jamboree, NITTR and more for professional grooming
- ➔ Periodic Evaluation through AMCAT/CU-CAT assessments and Systematic Feedback Process for Transparent Communication and evaluation.
- ➔ In-House Online Testing Platform offering fortnightly and monthly online tests self-assessment
- ➔ Experiential Training Methodology - Audio-Visual Presentations, Games & Activities and Simulation Exercises for real time scenarios.

COMPREHENSIVE ACADEMIC MODEL

Chandigarh University provides an excellent academic environment and individual learning space. Courses are designed after contemplating real-time inputs from industry experts, national and international academic leaders and to match the standards defined by national (NAAC & NBA) and international (ABET) accreditation bodies. Projects based experiential learning is interwoven with the classroom teaching.

This comprehensive system offers all-round professional and personality development of the students, based on the following distinctive components.

“A Degree from CU gives you the REAL EXPOSURE and a PROFESSIONAL Working Environment”

FLEXIBLE CHOICE BASED CREDIT SYSTEM (FCBCS):

This inspirational academic model offer students flexibility to suit the individual professional goals and gain additional knowledge for better job prospects.

- Students can choose from various electives in his/her own discipline
- FCBCS offers choice to study courses in interdisciplinary areas in related fields
- Additional benefit of open electives wherein students can study in any add-on subject to realize their passion
- This credit based scheme offers provision of credit transfer at international level through semester abroad programs.

PROJECT BASED EXPERIENTIAL LEARNING:

Experiential learning is essential for better understanding of the chosen field and it enhances the practical knowledge of students as per the industry requirements.

- Students are allowed to undertake up to 5 projects in his/her chosen subjects, allied or interdisciplinary areas.
- Students can apply themselves in 1 project and take it to the higher level through innovating or can take an advanced option to pursue 5 different projects.
- Students undertaking internships and industrial internships are facilitated through credit transfer

SIGNIFICANT ACADEMIC OPTIONS:

A comprehensively designed system to facilitate the learning gap in various individuals

- Students with fast learning capacity can do the degree with additional Minor or have a choice to complete their degree with Honors.
- Additional credits for minor degree will help the student in broadening the scope for innovative research following better placement opportunities.
- Slow learners have a choice of taking lesser credits than permissible limit and can complete the degree in extended duration of 2 extra years.

SCIENTIFIC & TRANSPARENT EVALUATION SYSTEM

To save the students from commonly prevalent examination & evaluation related problems, CU offers a mixed blend of external and continual internal evaluation. To ensure transparency, evaluation is shown to the students before declaration of results.

LANGUAGE PROGRAMS

- An ingenious programs to facilitate students with basic and advanced English language learning
- Certificate program in foreign languages such as French & German are also offered to the students

RESEARCH HIGHLIGHTS

At Chandigarh University, research is at the core of our approach to teaching and learning, and keeps our courses contemporary, relevant and cutting edge. The University Center for Research and Development (UCRD) is fully devoted to coordinating and encouraging research and consultancy activities. UCRD has established more than 50 research groups in various departments to promote and integrate research in learning process.

TESTIMONIALS

It was an exciting and learning experience for me. I would like to suggest other engineering students to go for summer programs as it broadens your learning horizons.
Nishant Goyal, Summer Program, Glasgow Caledonian University, UK

This program has provided me a global experience and an extra edge to my career. I am thankful to Office of International Relations.
Karanvir, Semester Abroad Program at Deakin University, Australia

Being an international student and coming to India for the first time was adding to my anxiety. But the friendly demeanor, support of faculty and fellow students here made me easily adapt the environment.
Heleen Castle, Howest University, Belgium

This program has empowered my vision of becoming a globetrotter. Summer Program at Birmingham City University has helped me to expand myself on both personal and professional level.
Shivam Mahajan, Summer Program Birmingham City University

STRONG INDUSTRY INTERFACE

An Institution with Unprecedented Industry Patronage

Chandigarh University (CU) is committed to providing world-class teaching and research facilities to its students and sees this as an essential element in grooming business focused professionals. CU's long term association and exclusive tie-up's with Industry offers a great opportunity for the students to gain hands-on experience and thus providing a distinct edge for placements in top-notch corporate.

The University's current focus is to expand its interactions to a multidimensional mode by building strong R&D partnerships with the industry. Spurred by the positive experience of consultancy and sponsored research activities resulting in the creation of a variety of advanced R&D laboratories, CU is now moving into the domain of creative and advanced research for the industry in emerging areas like Cloud Computing, Big Data Hadoop, Nastran, Modeling & Simulation, Computational Fluid Dynamics & heat transfer, Additive Manufacturing and many more.

CHANDIGARH:

THE MOST PERFECT CITY IN THE WORLD

- BBC News

CITY BEAUTIFUL

THE MOST PREFERRED DESTINATION

Chandigarh University is located in the vicinity of Chandigarh; a rare epitome of modernization co-existing with nature's preservation. This city was envisaged by Late Pandit Jawaharlal Nehru and actualized by Le Corbusier. Serenity and a city are two diametrically opposite concepts, which however, get belied in the 'City Beautiful'

The young-at-heart, fast growing and progressive city is stunning for its urban planning, impressive buildings with brise-soleil facades, well-organized sectors and broad tree-lined avenues.

CU, being the 1st and only private University in the tri-city, celebrates the dynamic spirit of Chandigarh in its sophisticated architecture and preservation of nature
