The Hospitality Industry

The World is Your Playground... Go for it

With the Indian economy rising the above all expectations, the service sector is poised to become the key money spinner in the future. The process has already started and its effect is evident in the growth of the banking and financial sector, the IT sector and above all in the hospitality and tourism sector. Statistically, the stage is set when a new luxury hotel is being built in every 45 days, somewhere in the country. This figure does not include the large number of hotels that are planned and built for the future international events. Conservative estimate indicates that within four years from now, almost 4,00,000 to 5,00,000 high quality skilled manpower is required in this industry alone, to run these hotels. With significant global growth opportunities, international chains like Marriott International, Intercontinental, Hilton, Four Seasons, Starwood Hotels and other heavyweights have lined up to expand here in a big way. The career prospects in the hospitality industry are high paced, diverse and promises highly progressive growth in a wide range of areas. Here at IIHM the curriculum is designed on the lines of international education and are conducted by highly qualified professionals both from India and abroad and are supported by intensive practical sessions real time, at the institute owned luxury hotel. In addition to the hotel industry, IIHM students are the first choice of the employers in the other spearheading service sectors like the IT sectors, Banking & Financial sectors, Industrial & Institutional Catering & Lodging sectors, the BPO & KPO sectors, the ever exploding international retail sectors and many more.

A few of the lucrative positions that this career offers are - Hotel / Resort Manager, Food & Beverage Manager, Banquet & Conferencing Manager, Outlet Manager, Training & Learning Development Manager, Rooms Division Manager, Executive Housekeeper, Executive Chef, F&B Controller, Team Leaders, Large Retail Outlet Manager.

In just about 3 years and with a degree from IIHM, students launch themselves in this exciting industry where sky is the only limit and the workplace is a country of their individual choice - India, Europe, Australia, New Zealand, Middle East, America, Canada and almost everywhere else.

Ratan Tata Hall of Fame Honoree at International Hospitality Day 2017

"To be human is to be hospitable"

The above words by Prof. David Foskett ring true, more so in today's world. It means that to be a good person, one must be hospitable. In the year 2016, the International Hospitality Council in association with International Institute of Hotel Management, took a path-breaking initiative in establishing April 24th as 'International Hospitality Day.'

The world needs to embrace hospitality in its many different forms - to understand different cultures as well as differences and sharing of ideas. Hospitality brings people together through sharing and social interaction. It helps to promote and develop a civilised society. The concept of hospitality trade goes to hundreds of years back where travellers would be given food and shelter by strangers in their travel routes and it was believed to be a blessing from God. The Indian version of the history of Hospitality is not different and Indians would treat the guests as God and hence the famous quote of 'Atithi Devo Bhava' emerged which literally means 'The Guest is God.'

Hospitality is possibly one of the most humane, warmest and passionate industry and the level of guest satisfaction now has created newer benchmarks. To all of them who are part of this wonderful industry, the International Hospitality Day is an attempt to celebrate the industry and its people - whose untiring and smiling efforts over the years have created memories.

Today on 24th April, in over 40 countries around the World, the spirit of hospitality will be celebrated with India leading the celebrations by awarding the best hospitality stalwarts in across 6 cities of Kolkata, Delhi, Jaipur, Ahmedabad, Pune and Hyderabad.

International Hospitality Council is most honoured and privileged that the 'Hall of Fame' Honoree Mr. Ratan N. Tata agreed to accept the Hall of Fame award as one of the most distinguished leaders in the field of hospitality and business throughout the world. Indeed the international community recognises the work Mr. Tata has done to promote ethical business standards which benefit all stakeholders and in turn helps to create a fair and just society. Mr. Anjan Chatterjee of Speciality Restaurants of the Mainland China fame and many more with over 74 outlets in 25 cities across three countries with its head office in Mumbai has been awarded as the 'Best Hospitality Entrepreneur Award' amongst many others.

Mr. PRS Oberoi, Executive Chairman, The Oberoi Group remarked, "I am very happy that you will be celebrating the spirit of hospitality on 24th April and recognising contribution of industry stalwarts who have raised the bar in the hospitality industry."

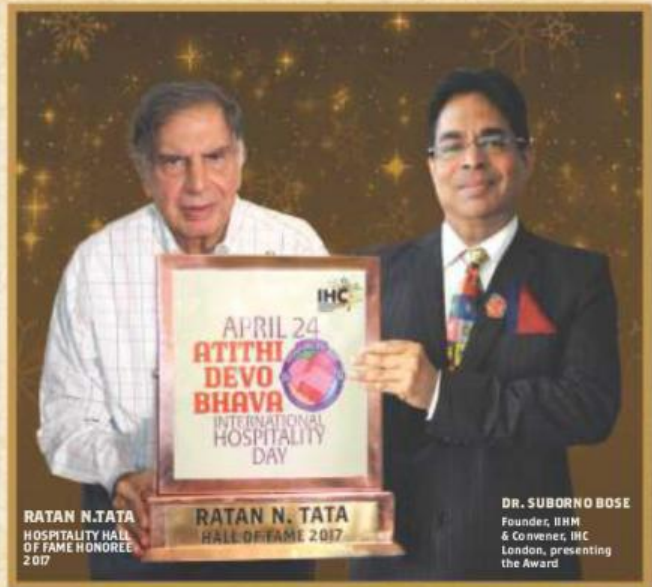

"Our dream was to get the entire hospitality fraternity to celebrate together a day that belongs to all of us. Hospitality is the core of our everyday lives. Today, over 40 Nations are celebrating Hospitality Day and that's absolutely wonderful," said Dr. Suborno Bose, CEO and Convenor, International Hospitality Council and CEO IIHM.

"To be Human is to be Hospitable. Congratulations to Dr. Bose and his team for evangelising the cause of hospitality on such a global scale. Best Wishes to all," said Prof. David Foskett, Chairman International Hospitality Council.

"I am pleased to know there is a day dedicated to us hospitality professionals. I am so proud to be part of this Industry," said Ranju Alex VP - East, JW Marriott.

"While hospitality is a fine art it is also a science, and it is this combination that makes hospitality industry a very exciting place to be in. Congratulations," said Samrat Datta, GM Taj Bengal, Kolkata.

"I salute Dr. Bose's enthusiasm to make a difference to the hospitality industry," said Varun Chhibber, GM, The Oberoi Grand, Kolkata.

"If you have the passion and discipline hospitality as a career option is brilliant," said Atul Bhalla, GM ITC Sonar, Kolkata.

"Excellent initiative for the 1st International Hospitality Day and a great pleasure to get a view of the most influential persons of Kolkata," said Sujit Nair, Director of Human Resources, Hyatt Regency, Kolkata.

"What an initiative, This is a celebration everyone will look forward to every year," said Sharad Dewan, Executive Chef, The Park, Kolkata.

"Fantastic Event. Thank you International Hospitality Council," said Kaushik Shah, HR manager, Jet Airways Kolkata.

International Hospitality Council is overwhelmed with the support and good wishes that were received for the event last year with t2 as the official media partner. IIHM students at
University of West London, UK
 undergoing Year 3 of the course

Year 3 At UK or CANADA

this is the one...

Yes, in fact the most exciting and challenging opportunity that you would get being at IIHM is the year 3, the final year of the programme. While on one hand you would be initiated to the hotel industry world wide, on the other hand, you have the option to study in UK at any of the two very renowned Universities - The University of West London, London and at the Edinburgh Napier University, Edinburgh or you have the option to study in Canada at George Brown College. Hundreds of students have done so in the past and are placed in extremely good positions in hotels all over Europe and US. A number of our students are able to stay on in the UK or in Canada after their studies for employment.

The George Brown College is built right into the city of Toronto, Canada's largest city. Interestingly, most programs have field placement components, which mean that students have a valuable opportunity to work and learn in hotels and other organisations that may be their future place of employment. The hospitality division of GBC is renowned and even has an upscale restaurant, The Chefs' House, open to the public and fully staffed by the hospitality students, is one of Toronto's top 10 restaurants, according to Now Magazine.

"I joined IIHM as they had the option of studying in Canada at George Brown. George Brown is a premier destination ranked among the top 10 universities in the North American region. The city and the environment is world class. The faculty here are high end industry professionals, from whom we can learn a lot. The alumni from here are highly placed in their professional careers and I look forward to getting a good job one day."

- Hetarth Patel

"I got to know about IIHM Bangalore and also the fact that they are affiliated to George Brown College in Canada, so I thought that this was a good opportunity and I joined here."

At IIHM I loved the mix of studies and events that are a part of the learning process. I participated in the food festival and learned a lot, and made a lot of lifelong friends."

- Marsha D'Souza

As an IIHM graduate, you are in demand....

Graduates of IIHM enjoy an outstanding employment record. Our alumni are our greatest assets. On completion of the course, the placement cover all aspects of the hospitality industry. Following is the indicative list of prestigious organizations that recruit IIHM graduates.
