Law School Graduate

**LSAT—India™
is online starting
19 July 2020**

The LSAT—India is a test of high-level reading, informal reasoning, and deductive reasoning skills. These acquired critical thinking skills are essential to succeed in law college and in the practise of the law. The LSAT—India was developed specifically to be used by law colleges in India. It will be administered across India on starting 19 July 2020.

[See examples of analytical reasoning](#)

Logical Reasoning

These questions evaluate your ability to understand, analyse, criticise, and complete a variety of arguments contained in short passages.

[See examples of logical reasoning](#)

Reading Comprehension

These questions measure your ability to read, with understanding and insight, examples of lengthy and complex materials similar to those commonly encountered in law colleges.

[See examples of reading comprehension](#)

LSAT—India by the Numbers

Section Type	Number of Questions	Duration
Analytical Reasoning	23	35 minutes
Logical Reasoning (1)	22	35 minutes
