

State Eligibility Test

MP SET – 2018

[Code No. – 09]

HOME SCIENCE

Syllabus

PAPER – II

Note:-

Paper-II (Covering entire syllabi of earlier Paper-II & Paper-III, including all Core Group, Electives, without options). The Paper- II will have 100 Multiple Type Questions (Multiple Choice, Matching Type, True/False and Assertion-Reasoning Type) and all are compulsory. Each Question will carry two marks Total marks of Paper - II will be 200 marks.

Paper-II (Covering entire syllabi of earlier Paper-II & Paper-III, including all Core Group, Electives, without options)

PAPER – II & PAPER – III (A) [CORE GROUP]

Unit - I : Food Science

- Food Groups
- Food Preparation
- Food Preservation
- Food Science and Food Analysis
- Food Processing

Unit - II : Nutrition Science

- Fundamentals of nutrition
- Nutritional biochemistry
- Food microbiology
- Public nutrition
- Therapeutic nutrition

Unit - III : Institutional Management

- Management of Hospitality Institutes-Hospital/Hotel/Restaurant/Café and Outdoor catering
- Management of Social Institutes-family as Institute, child care and Geriatric institutes, Panchayats
- Managements of Educational Institutes-Pre-school, Primary and Secondary Schools, (Colleges and Universities) Higher Educational Institutes
- Management of Special Institutes for physically, mentally and socially challenged Challenges and problems faced by Institutions

Unit - IV : Clothing

- Principles of clothing-Socio-psychological aspects of clothing, selection of fabrics, clothing and family clothing

Clothing construction-basic principles of drafting, flat pattern and draping methods
Textile design principles and concepts
Fashion design, fashion cycles, business and merchandizing
Care and maintenance of textile materials and garments; Laundry agents-methods and equipments

Unit - V : Textiles

General properties and fine structure of all textile fibers
Processing and manufacture of all natural and man-made fibers
Definition and classification of yarns; Identification of yarns and its use in various fabrics
Fabric construction, definition and types of woven, non-woven, knitted and other construction techniques
Testings of fibers, yarns and fabric; Importance of quality control and research institutes

Unit - VI : Resource Management

Concept of Home management and steps
Management of Human Resources; Classification of Resources; Basis Characteristics of Resources
Decision making in family; steps in decision making; Methods of resolving conflicts
Work simplification; Importance of work simplification in home; Mundel's classes of change; Simple pen and pencil technique in work simplification
Housing, Interior design, Principles of Interior design, Various colours and colour schemes
Household equipment-Selection and Care

Unit - VII : Human Development

Child Development-Principles and Stages
Life Span Development-Theories of Human Development and Behaviour
Child rearing, Socialization practices and Dynamics
Early Childhood Care and Education-Emerging trends
Development problems and disabilities during childhood and adolescence, guidance and counseling
Advanced child study methods and assessment
Women's Studies, Family Welfare Programme-Recent Approaches

Unit - VIII : Non-formal Education and Extension Education

History and Development of Home Science in Formal/Non-formal and Extension Education
Theory and Practices of programmes/curriculum planning and development
Management and Administration of Formal/Non-formal and Extension Education
Monitoring, Supervision and Evaluation of Formal, Non-formal and Extension Education
Vocationalization of Home Science in India

Theories and Principles of Guidance and Counselling in Formal/Non-formal/Extension
Problems and Challenges encountered in Formal/Non-formal/Extension

Unit - IX : Development and Educational Communication

- Concept and classification of communication
- Traditional Methods and Materials of communication-selection/preparation/use
- Modern methods and materials of communication-selection/preparation/use
- Strategies for development communication
- Classroom communications in Home Science trends
- Communication for publicity and public relations
- Change and challenges in communication in contemporary society

Unit - X : Methods of Research

- Trends in Research in Home Science
- Research Designs
- Types of Research
- Sampling Techniques
- Selection and Preparation of Tools for data collection
- Type of variables and their selection
- Data collection and classification/coding
- Analysis of data through parametric and non-parametric statistics
- Report writing-presentation of data, interpretation and discussion

PAPER - III (B)

[ELECTIVE/OPTIONAL]

Elective - I : Food and Nutrition

- Food Science and Quality Control
- Macro- and Micro-nutrients
- Human Nutritional Requirements
- Assessment of Nutritional Status
- Food Biotechnology

Elective - II : Institutional Management and Dietetics

- Advanced Management and Organisation
- Management of Human Resources
- Experimental Quantity Cookery
- Financial and Profit Management
- Quantity Food Preparation Techniques

Food Service and Delivery Systems

Marketing

Therapeutic Dietetics

Elective - III : Child and Human Development

Human Development-Rights perspective

Principles and theories of human development

Early childhood care and development-strategies, monitoring and supervision

Children with special needs and children at risk (child labour, street children, child abuse, chronically sick): Intervention programmes

Socialization in various family contexts across different cultures

Advances in assessment of children

Elective - IV : Clothing and Textiles

Textiles Chemistry-Fibers and dyes

Dyeing, printing and finishing of fibers yarns and fabrics

Textile and Apparel Industry-Fundamental of business, specifications, quality control agencies and marketing

Historic and Traditional Textiles of world with emphasis on India

Curriculum and Teaching in clothing and textiles, analysis and development of curriculum; teaching methods and aids

Consumer and Textiles and Clothing

Recent developments in Textile and Clothing

Elective - V : Home and Community Resource Management

Concept of Home management, System approach to family, Input, Output and feedback

Family Resources-Management of Resources like time energy and money; Basic characteristics of Resources; Efficient methods of utilization of Resources

Family life cycle-Demands upon resources like time energy and money

Concepts of Ergonomics-its importance and application in home

Concept of communication process and its importance in family; Barriers in Communication process; Measures for effective communication

Concept of work simplification-its importance in home; Simple pen and pencil technique

Consumer Education-Laws protecting consumer; Role of consumer society in protecting consumer; Kinds of adulteration; Identification of adulteration

Elective - VI : Home Science Extension Education

Curriculum development for formal education in Home Sciences

General and special methods of teaching Home Science

Media and Materials for promoting Home Science in Formal/Non-formal/Adult/Extension Education

Non-formal and Adult Education in Home Science

Extension Education in Home Science

Women is Changing India and plans for their development

Self-employment and Entrepreneurship through Home Science

Programmes of extension in Home Science

Measurement and Evaluation including monitoring and supervision for formal ; Non-formal/Adult Education / Extension Education.
